

Disaster Relief Fund Application

Criteria for granting of assistance to affected centers:

PATH Intl. will provide funding relief to PATH Intl.'s affected member centers that have experienced loss caused by natural or man-made disasters. Disasters within the scope of the PATH Intl. Disaster Relief Fund are those natural occurrences (e.g., hurricane, earthquake, tornado, flood, fire, drought) or negligent, intentional, or criminal acts of man, that cause catastrophic loss having a direct and substantial adverse financial impact on a PATH Intl. Center in good standing. A federal or state disaster declaration is dispositive proof that a disaster has occurred within a defined geographic area. Losses due to illness and/or disease are not the intended purposes of the Disaster Relief Fund and are presumed to fall outside the scope of the fund.

- Allocation of funds will be determined based on the number of applications submitted, the degree of need described and the amount of available funds. Complete and thorough information is essential. Due to limited funding, monies allocated from PATH Intl. may not be enough to fully cover losses. Below are a list of organizations and the resources that they offer.
 - The Foundation for the Horse offers funding
 - The United Horse Coalition maintains a list of a services that may be used in the cases of a natural disaster
- Funding will be based on a center's undue hardship, loss of revenue, and expenses over and above insurance relief.
- Centers must have been a PATH Intl. member in good standing on the date of the disaster event. And must continue to be in good standing on the date of the award.
- In order to meet needs promptly, please provide your initial request, with the application provided, as soon as possible. Applications must be submitted within 6 months of the events unless there are documented extenuating circumstances.
- Due to many anticipated requests, please provide PATH Intl. with a financial summary of how the funding will be allocated and for what purposes the funding was used after the receipt of funds. Documentation (receipts, invoices, etc.) including photographs is required.
- The for-profit or non-profit status of the member center will not be a consideration when reviewing request for relief funds.

Only complete applications will be considered for funding. Questions are streamlined so the process of reviewing the application can be completed quickly. Your cooperation is greatly appreciated.

Sincerely,

PATH Intl. Disaster Relief Fund Committee
