Professional Association of Therapeutic Horsemanship International®

PATH INTL. MISSION

The Professional Association of Therapeutic Horsemanship International (PATH Intl.) promotes safety and optimal outcomes in equine-assisted activities and therapies for individuals with special needs.

PATH INTL. VISION

The Professional Association of Therapeutic Horsemanship International (PATH Intl.) is a global authority, resource and advocate for equine-assisted activities and therapies and the equines in this work that inspire and enrich the human spirit.

CORE VALUES

Access and inclusion – promoting diversity and opportunity in equine-assisted activities and therapies.

Compassion and caring – providing a culture of safety, understanding and ethical treatment of humans and horses engaged in equine-assisted activities and therapies.

Cooperation and collaboration – connecting and partnering with those who share the PATH Intl. vision in a mutually beneficial manner.

Education – sharing valued knowledge with our constituents to facilitate their success.

Excellence – promoting quality in all undertakings.

Innovation – encouraging and supporting creativity, inquiry and cutting-edge research.

Integrity and accountability – ensuring that all business is based on ethical principles and conducted with transparency.

Professionalism – enhancing the value and credibility of the industry.

Service – providing effective and responsive information and programs to our constituents.

Holism – promoting an awareness of body, mind and spirit in equine-assisted activities and therapies.

Dear PATH Intl. Members,
Supporters and Friends,

Reflecting back on 2014/15, my first year as CEO of PATH Intl., I am pleased with the progress that has been made on the goals and objectives of the current strategic plan. I am also pleased that based on feedback I have received in a variety of ways from a variety of people, you, the membership, is also pleased at both the direction and the progress. There is still a great deal to be accomplished, but rest assured the staff and volunteer leadership continue to focus on the vision you helped create: to be recognized as a premiere credentialing organization, raising the standard and providing quality education for the EAAT field.

As a reminder, five initiatives were identified in the plan: credentialing, continuing education and knowledge management, quality assurance, capacity building, and community engagement and partnerships. Top-level highlights for the initiatives are below and in the following pages:

CREDENTIALING

The long trek has begun to have our registered therapeutic riding certification accredited by a third-party credentialing organization in order to validate the quality of our standards, certifications and accreditation. The project outline, timeline and implications of this goal to the association and the membership have been communicated to the board of trustees. Communication to the membership has begun and will continue to happen along the way.

CONTINUING EDUCATION AND KNOWLEDGE MANAGEMENT

The position of education coordinator was filled to provide quality, affordable education with special emphasis on online delivery. This is something members have been requesting for a long time and the demand has been backed up by action as demonstrated by the more than 525 conference session recorded videos that have been purchased.

state of the
ASSOCIATION

state of the
ASSOCIATION
cont.

QUALITY ASSURANCE

The Quality Assurance Task Force is following the progress of its 2014 report to the board of trustees. The comprehensive report on credentialing quality issues is in the process of implementation by staff. Two examples are the strengthening of the continuing education requirements for PATH Intl. Certifications and the new grievance review panel structure. Other recommendations are being analyzed for future implementation.

ORGANIZATIONAL SYSTEMS-CAPACITY BUILDING

Charters have been completed for each committee, task force and advisory group. PATH Intl. has contracted for a technology assessment with the end goal being the ability to offer members a better user experience.

COMMUNITY ENGAGEMENT-STRATEGIC PARTNERSHIPS

A new higher education membership was designed to better support colleges and universities that are graduating students with EAAT career aspirations. Purina came in this year as the Official Feed and Title Sponsor of PATH Intl., renewing and solidifying a long-standing partnership. It is important to Purina to support the industry at a national level where it is able to reach a larger number of industry professionals as well as bring its quality nutrition to as many equines as possible.

I encourage anyone interested in industry statistics not included in this annual report, such as number of participants at PATH Intl. Member Centers nationwide, disabilities served, center budget sizes, etc., to read the latest fact sheet available online at www.pathintl.org/about-path-intl/about-path-intl/documents and click on fact sheets. Contained within is the evidence that this field continues to grow. And as it does, PATH Intl. will be here to help its members deliver safe and effective services to their participants. I look forward to 2015/16 and continued progress.

All the best,

Kathy Alm
Chief Executive Officer
Professional Association of Therapeutic Horsemanship International

PATH INTL. PROFESSIONAL CERTIFICATION

The Certification Department is responsible for review and implementation of best practices in certification to ensure safety and optimal outcomes in EAAT. Additionally this department partners with PATH Intl. Premier Accredited Centers (PACs) to offer workshops and certifications for:

- Therapeutic Riding Instructors (Registered, Advanced and Master)
- Driving Instructors (Levels I, II & III)
- Interactive Vaulting Instructors
- Equine Specialists in Mental Health and Learning (ESMHL)

During the 2014-2015 fiscal year, PATH Intl. PACs offered a total of 75 workshops serving 873 participants. From those participants, one new candidate was awarded PATH Intl. Master Instructor status, and three PATH Intl. Advanced Instructor Certifications yielded 19 advanced instructors.

PATH Intl. Member Centers also administered three Approved Training Courses, four Higher Education Courses, one evaluator training and four mentor training courses that resulted in 31 new PATH Intl. trained mentors.

2014-2015 PATH INTL. WORKSHOP PARTICIPATION BY CATEGORY:

- 56 riding workshops attended by 604 candidates
- 17 ESMHL workshops attended by 241 candidates
- One driving workshops attended by 23 candidates
- One vaulting workshop attended by 5 candidates

standards &
EDUCATION

standards & EDUCATION cont.

During the 2014-2015 fiscal year, the certification department made updates to certification materials, most notably the PATH Intl. Registered Therapeutic Riding Instructor and PATH Intl. Equine Specialist in Mental Health and Learning application/certification booklets and workshop manuals. These updates have improved accessibility, understanding of the certification process, requirements and accuracy of information for our instructor candidates.

In implementing the strategic plan objectives of quality assurance and excellence in credentialing, the continuing education procedures for annual instructor compliance were extensively reviewed and revised. The new continuing education requirements parallel those of comparable professional certifications and went into effect January 1, 2016.

PATH Intl. joined the Institute for Credentialing Excellence and conducted a needs assessment to see how PATH Intl. certifications meet national standards for best practices in credentialing. This was the first step in the multi-year initiative to achieve independent accreditation for the PATH Intl. Registered Therapeutic Riding Instructor Certification.

QUALITY ASSURANCE

A quality assurance task force was formed in order to take a fresh look at major program and membership areas to ensure that quality, fairness and best practices are implemented. In 2014/2015 the task force focused on certification and provided a list of recommendations to the PATH Intl. Board of Trustees. One recommendation that has been implemented is the formation of a grievance review panel that will fairly investigate violations of PATH Intl. standards and the code of ethics and implement established ramifications associated with proven violations.

PATH INTL. CENTER ACCREDITATION

The PATH Intl. on-site accreditation process provides centers the opportunity to demonstrate their excellence in providing EAAT and encourages PATH Intl. Member Centers to strive for the highest level of safety and organizational proficiency. Achieving the credential of PATH Intl. Premier Accredited Center assures quality for prospective donors,

volunteers, participants and their families. In October 2014, PATH Intl. trained and welcomed nine new volunteers as PATH Intl. Accreditation Site Visitors.

Also in 2014-2015, PATH Intl. accredited 39 centers; 22 centers were reaccredited and 17 centers became newly accredited. Effective education to centers going through reaccreditation or going through accreditation for the first time has led to 100% of the centers passing their accreditation visits in 2014-2015!

PATH INTL. AND WOUNDED WARRIOR PROJECT PARTNERSHIP

The mission of Wounded Warrior Project™ (WWP) is to honor and empower wounded warriors. Its purpose is to raise awareness and enlist the public's aid for the needs of injured service members, to help injured service men and women aid and assist each other and to provide unique, direct programs and services to meet their needs. WWP is the hand extended to encourage warriors as they adjust to their new normal and achieve new triumphs. Offering a variety of programs and services, WWP is equipped to serve injured service men and women with every type of injury.

Since 2012, PATH Intl. has partnered with WWP to provide EAAT for WWP Alumni. (WWP Alumni are wounded warriors who have incurred service-connected injuries in mind, body or spirit on or after September 11, 2001.) To date, this project has funded nearly 8,000 EAAT lessons by awarding scholarships to more than 1,000 WWP Alumni who have participated in therapeutic horsemanship activities at PATH Intl. Premier Accredited Centers. This program saw approximately 20% growth in 2014-2015 with 81 PACs providing 3,350 EAAT lessons to 511 WWP Alumni.

A new program offering through the PATH Intl. and WWP partnership gave 39 WWP Alumni the opportunity to participate in one of four PATH Intl. Level Two Warrior Intensive Workshops offered at select PACs. Nearly 60 WWP Alumni applied for this opportunity. Those selected to attend participated in cattle cutting, navigating extreme mountain trail obstacles and the gentling and training of American Mustangs.

UNITED STATES DEPARTMENT OF VETERANS AFFAIRS GRANT

In 2014, PATH Intl. was honored to be one of 69 grant awardees from the United States Department of Veterans Affairs to support veterans with disabilities in adaptive sports. PATH Intl. was awarded \$100,000. Funds have been used to administer an EAAT scholarship program to more than 112 veterans participating at PATH Intl. PACs. Centers were also able to apply to receive funds to purchase equipment for veteran programs, such as obstacle course materials, helmets, saddles and other tack or equipment. Additional funding also provided 28 therapeutic riding instructors the opportunity to receive training specific to working with the veteran population in EAAT.

EDUCATION

By increasing the offerings of quality online education, PATH Intl. has supported members as they continue to advance their EAAT skills, promoted professionalism and supported the sustainability of member centers. New education opportunities this year included webinars, video recordings of the sessions from the 2014 PATH Intl. Conference available for online viewing, and a new specialty certificate program: Instructor Training for PATH International Equine Services for Heroes®.

- 7 webinars, approximately 500 viewers
- 525 conference session videos watched by 114 viewers
- 30 attended the in-person Instructor Training for PATH International Equine Services for Heroes

With strategic initiatives in mind, PATH Intl. is working to ensure that every member has access to information, resources and networks in order to feel community, support and connection and strengthen the EAAT industry.

HIGHER EDUCATION MEMBERSHIP

The membership division has created a new Higher Education Membership model that allows for greater flexibility for institutions wishing to add equine-assisted activities and therapies, including PATH Intl. Therapeutic Riding Instructor Certification, to their curriculum. This model launched July 1, 2015.

PATH INTL. HOW TO START AN EAAT CENTER/PROGRAM PACKET

The *PATH Intl. How to Start an EAAT Center/Program* book has been updated to include best business practices and industry standards, practical advice, job descriptions, copies of PATH Intl.'s most recent membership publications and other information. The updates were completed by PATH Intl. staff and members who provided their expertise in starting and running a successful EAAT program.

EQUINE-ASSISTED LEARNING WORK GROUP

The PATH Intl. Equine-Assisted Learning (EAL) Work Group assisted in the development of the foundation in which EAL may grow within the association and sets PATH Intl. apart from other associations doing EAL. The group completed revisions to the EAL definition, defined the core competencies for the EAL professional and created EAL guidelines. With the completion of this work the PATH Intl. Board of Trustees formally recognized EAL as a separate modality from equine-facilitated psychotherapy. Thank you to Blair McKissock, Debbie Anderson, Lissa Pohl and Christine Wilkey for their time and dedication to this project.

REIN THEM IN MEMBER-GET-A-MEMBER DRIVE

The best source of new members is an association's current members. The PATH Intl. Member-Get-A-Member drive launched in the spring of 2011 and since the launch of this recruiting effort, almost 925 new members joined PATH Intl. The 2015 drive brought in 231 new members. Congratulations to Melissa L. Tan from Singapore (Region 11), who won the \$250 American Express gift card for first prize, and The Red Barn

membership
DIVISION

membership
DIVISION
cont.

Foundation from Leeds, AL (Region 5), who won the \$100 American Express gift card for second prize. All members who recruited new members were entered into a drawing for \$75 in PATHBucks and Judy Beckett from Ramona, CA (Region 11) was the lucky winner.

PATH INTL. MEMBERSHIP

PATH Intl. membership numbers continue to grow. Individual membership, including certified professionals grew 2.8% in 2014/15 over the previous fiscal year. Center membership grew 1.8% during the same period.

PATH INTL. COMMUNITY CONNECTIONS

Since its launch in November 2011, more than 2,985 unique visitors have logged on to PATH Intl. Community Connections to discuss hot topics, share resources and support each other and the industry on this social network. Members joined one or many of the site's 23 community groups based on their interests and geographic locations to discuss lesson plans, policies and other topics of interest. Resources shared by members were downloaded 1,928 times, demonstrating the need for and value of PATH Intl. members' EAAT industry- and business-related knowledge. The following is the list of communities and number of members in each.

- Administrative - 327
- Driving - 63
- EFL - 352
- EFP - 192
- ES4H - 202
- Equine Welfare - 140
- Higher Ed - 73
- International - 52

- Research - 74
- Region 1 - 91
- Region 2 - 59
- Region 3 - 58
- Region 4 - 58
- Region 5 - 81
- Region 6 - 33
- Region 7 - 35
- Region 8 - 86
- Region 9 - 56
- Region 10 - 79
- Region 11 - 40

VOLUNTEERS

Our committee, task force, work group and advisory volunteers are extremely important to the success of PATH Intl. The association appreciates and thanks them all for their time and dedication to our organization.

2014 Volunteer Recognition

The PATH Intl. staff again recognized significant contributions by the association's active members by awarding Volunteer Leadership Awards in the areas of Programs and Standards, Education and Membership at the 2014 PATH Intl. Conference and Annual Meeting in San Diego, CA. The winners were Amy Causey, Programs and Standards; Blair McKissock, Education; and Susan Lutz, Membership.

MARKETING

This was a terrific year as the marketing department strived to provide meaningful communication to association members and the public. The organization reached out to the health and wellness community; negotiated for new print, electronic and TV ads within the equine industry; managed the flow of the information through *PATH Intl. Strides* magazine, the website and social media channels while planning and implementing regional and international conferences. Following are highlights implemented to help the association achieve its strategic objectives.

TRADESHOWS

In August 2014, PATH Intl. exhibited at the 122nd annual convention of the American Psychological Association that took place at the Walter E. Washington Convention Center in Washington, DC. It is known as the largest gathering of psychologists and psychology students in the world. The convention attracted more than 13,000 attendees from all areas of specialization in psychology and from research, practice, education and policy.

PATH Intl. exhibited at the event with the objectives of EAAT outreach, equine-facilitated psychotherapy in particular, and to communicate the importance of partnering with PATH Intl. Member Centers and Certified Professionals. A full report on the event is available.

The association also invested in a tabletop display for shipping around the country to various events.

Over the past year, PATH Intl. also exhibited at the Pony Club Convention and the Equine Affaire in Massachusetts and Ohio.

PUBLIC RELATIONS AND MEDIA

Association press releases are picked up regularly in print and increasingly for online publications. Press releases to local media contacts supplied by center contacts continue to be generated for newly accredited and reaccredited centers. An increasing number of media outlets are using PATH Intl. as a fact checking resource for stories they are writing at the local and national levels. From hometown newspapers to CNN, the PATH Intl. brand is synonymous with being a trusted authority in EAAT.

marketing & communications DIVISION

marketing & communications DIVISION cont.

Palaestra magazine is a quarterly publication designed to be a responsible source of valuable information for those interested in sport, physical education and recreation involving individuals with disabilities. It is published in cooperation with the Adapted Physical Activity Council of the American Alliance for Health, Physical Education, Recreation and Dance; United States Paralympics, a division of the United States Olympic Committee; and the Professional Association of Therapeutic Horsemanship International. Since 2006, PATH Intl. has been the sole contributor to a feature department titled, Horses, Humans and Health. Articles supplied to them this past year included a human interest story that focused on some of the PATH Intl. award winners and a second issue ran our story about therapeutic driving.

The “How to Become a PATH Intl. Certified Professional” video has now logged close to 3,000 views. And the YouTube channel has had nearly 10,000 visits.

WEBSITE

The PATH Intl. website is a repository of information, education and products. For the fiscal year, the website had 9,183 unique users and more than 157,000 visits. On the surface, it still looks like the Find a Center is the #1 visited page with 12,909 visits, with the Certification landing page receiving 11,808 visits. However, the Certification page encourages further drilling down into the website, with other certification pages (e.g., riding, advanced and equine specialist, etc.) receiving additional visits. Combining those numbers into a single certification number means that more than 15,000 checked for information regarding PATH Intl. Certifications.

ELECTRONIC BROADCASTS

There were 299 eblasts sent this fiscal year including 24 PATH Intl. eNews. For almost all emails, including the CEO update, the open rate remains above the industry standard of 21%. Most PATH Intl. eblasts have an open rate of around 30%, with some averaging much higher. PATH Intl. eNews, which receives consistently higher than average opens and click throughs, demonstrates the commitment of the PATH Intl. readership as well as the members' desire to keep current with the association.

SOCIAL MEDIA

The PATH Intl. Facebook page is the association's highest used social media channel. The fiscal year ended with 7,087 likes—an increase of 25% over the previous year.

Two posts that garnered the most reach and engagement were on April 13, 2015. The first post of the day announced that it was Volunteer Appreciation Week. It received a reach of nearly 10,300. (Reach is the original post's audience plus the audience of anyone who engaged with the page through either a like, comment or share.) It had 668 engagements. The second post featured a graphic designed by PATH Intl., encouraging people to share, stating "I am proud to be a PATH Intl. Volunteer." It had nearly 1,000 engagements and an impressive 13,500 reach.

Overall, photos still receive the most likes with the highest engagement always coming from heartfelt photos and posts. While Facebook is a great tool for sending out information, its primary purpose will remain to connect with members and promote industry awareness to the public.

Twitter ended the fiscal year with 1,227 followers. It has been used primarily to promote events and to encourage followers to read the PATH Intl. eNews. It has also been a good way to push through announcements and celebrations of centers.

LinkedIn has 690 followers. An interesting use this year of the account was to post, three different times, job recruitment for volunteer board members through LinkedIn's "Volunteering for Good" program. This resulted in numerous applicants and more awareness of PATH Intl. and EAAT to professionals outside the industry.

ADVERTISING

PATH Intl. entered into an on-going trade ad agreement with Equine Affaire to run ads in each of the three Equine Affaire event programs, whose typical attendance at each event is about 60,000. A renewed trade agreement with Active Interest Media/Equine Network publications was also completed in 2015. Their *Stable Management* magazine is being sent twice a year free of charge to PATH Intl. Certified Instructors. An agreement was also entered into with RIDE TV.

2014 PATH INTL. CONFERENCE AND ANNUAL MEETING

472 full registrants, including 175 first-time attendees, participated in the PATH Intl. Conference and Annual Meeting in San Diego, CA. The conference also drew 23 international attendees from Canada, France, Mexico, Saudi Arabia, South Korea, Taiwan and the United Kingdom.

marketing & communications DIVISION cont.

Conference attendees could earn up to 27 continuing education hours learning from speakers such as the international clinician Chris Irwin at the keynote lunch and horse expo. Attendees continued to take advantage of the preconference PATH Intl. Community Connections Day, where topics ranged from veterans programming and fundraising to instructor burnout.

The sessions continued to receive high marks with 92% of survey respondents noting the sessions meet their learning objects and 95% saying they would recommend the speakers. In an overall rating of 1 being low and 5 being high, as a whole sessions received a 4.7 for appeal of topic, 4.6 for content relevancy, 4.6 for presentations skills of the presenters and a 4.4 on the effective use of audio/visual by presenters.

Financially, a lower attendance and decreased exhibitor participation affected the overall revenue. While the projected budget revenue was not met, expenses were cut by 12.9% and the conference achieved a positive net.

Following is a list of exhibitors at the 2014 PATH Intl. Conference:

American Hippotherapy Association	Equicizer	Purposeful Productions (Riding My Way Back)
Bayer	EQUUS Foundation	RevitaVet
Carlisle Academy/United States Para-Equestrian Association	Freedom Rider	SmartPak
Cavallo	Horses in Education and Therapy International (HETI) & 2015 HETI Congress	Strides to Success
Certified Background	Horses and Humans Research Foundation	SureHands Lift & Care Systems
Certified Horsemanship Association	Inspired by Horses	Theraplate
Chris Irwin	Lodgepole Software	Triple Crown
E=MC Equestrian Arenas and Surfaces	Markel Insurance	Windridge Therapeutic Riding Center
Equi-Force	Prescott College	

marketing &
communications
DIVISION
cont.

REGION CONFERENCES

In the 2015 calendar year, PATH Intl. Region Conferences hosted 961 attendees. The region conferences provide an excellent point of connection for members to earn continuing education hours and give feedback to PATH Intl. Region Representatives and State Chairs through standards hearings, interactive PATH Intl. updates and state meetings.

While attendance was down by 11% from 1,077 the previous year, conferences received very positive feedback from attendees. This was the first fiscal year PATH Intl. Staff managed region conference budgets separate from other region expenses.

SPONSORS

PATH Intl. is proud to have relationships with the following companies. We thank them for their continued support of the association and EAAT.
