

PATH International Approved Advance Instructor Certification Preparation Workshop

Presented by Naples Therapeutic Riding Center

Advance Instructor Certification Preparation Workshop

PATH International offers three levels of instructor certification for therapeutic riding: registered, advanced and master. This instructor certification preparation is for the advance level.

This is a three-day educational session intended to demystify the concerns and expectations of the PATH International certification.

This Advance Preparation Workshop gives you the education and practice necessary to begin your journey towards the Advance Instructor status. Candidates will take a mock written exam, teach mock lessons and demonstrate their lunging ability.

At the end of the workshop, candidates will receive one-on-one feedback evaluating one's readiness to attend a PATH Advance Instructor workshop/certification.

Any questions regarding this workshop should be directed to Naples Therapeutic Riding Center (NTRC).
