**VA Grant Awarded to PATH Intl.**

**Denver** – The Professional Association of Therapeutic Horsemanship International (PATH Intl.) is pleased to announce that it has received a \$176,000 grant from the U.S. Department of Veterans Affairs for direct service and training for veterans and disabled service members to receive equine-assisted activities. This grant is part of a total \$8 million that was awarded to national governing bodies for adaptive sports. Other grantees include regional and community programs serving all 50 states, the District of Columbia, Puerto Rico, the Virgin Islands and Guam. PATH Intl. was one of 89 awardees.

“We are pleased that our award was increased from last year’s amount,” said Sam Albrecht, PATH Intl. Director of Membership and Programs. “We had direct service and training requests that greatly exceeded our available funding last year. This year’s award will allow us to grow the program and serve more disabled veterans and disabled service members.”

With last year’s grant of \$100,000, PATH Intl. trained more than 30 individuals in a three-day intensive workshop on the military and veteran culture, safety and how centers can best partner with equines in a therapeutic horsemanship program for veterans. More than 100 veterans were directly benefited with therapeutic horsemanship sessions. Equipping PATH Intl. Centers with saddles, lifts and ramps provided indirect benefit to another approximate 100 veterans.
