

Enter a New Arena!

Whether as your next full-time career or something you choose to do a few days per week, when you're ready to change lives, this might be your ideal career move. Almost 80% of professionals in equine-assisted activities and therapies (EAAT) enter the field as a second or third career. They've been educators, competitors, cogs in the corporate wheel and a million other things. It makes a fantastic first career too!

Certify with the most trusted name in equine-assisted activities and therapies. Visit www.pathintl.org to learn more.
