New Field Test Standards

FTS7
Is in addition to A18. FTS7 requires written permission for all release of information that does not pertain to medical/mental health records.

EQM1
Adds the need the criteria in the initial screening process to be written.

EQM2, EQM3 and EQM4
Equine placement and removal from a program

EQM8, EQM9, *EQM10, *EQM13
Documentation of working session for equines. This would be a mandatory standard.

MMH18
Billing policies and procedures. DNA removed so required for all centers.

A8 and A9
Contractual agreement between medical/mental health professional providing service whether paid or unpaid.

A30, A31 and Alternate Helmet Guidelines
Helmet requirements for standard, alternative and interactive vaulting use
