# PATH INTL. MISSION, VISION & VALUES

## PATH Intl. Mission

We lead the advancement of professional equine-assisted activities and therapies by supporting our members and stakeholders through rigorously developed standards, credentialing and education.

## PATH Intl. Vision

To ensure universal recognition of professional equine-assisted activities and therapies and their transformative impacts that enrich lives.

## Core Values

### ACCESS AND INCLUSION

promoting diversity and opportunity in equine-assisted activities and therapies

### COMPASSION AND CARING

providing a culture of safety, understanding and ethical treatment of humans and horses engaged in equine-assisted activities and therapies

### COOPERATION AND COLLABORATION

connecting and partnering with those who share the PATH Intl. Vision in a mutually beneficial manner

### EDUCATION

sharing valued knowledge with our constituents to facilitate their success

### EXCELLENCE

promoting quality in all undertakings

### INNOVATION

encouraging and supporting creativity, inquiry and cutting-edge research

### INTEGRITY AND ACCOUNTABILITY

ensuring that all business is based on ethical principles and conducted with transparency

### PROFESSIONALISM

enhancing the value and credibility of the industry

### SERVICE

providing effective and responsive information and programs to our constituents

### HOLISM

promoting an awareness of body, mind and spirit in equine-assisted activities and therapies

## 2021-2022 COMMITTEES

### Board of Trustees

The board welcomed new officers: Ed Milford as president, Scott Carver as Treasurer, Jessica Normand as Secretary and returning Officer-at-large Brandan Montminy. In addition, the board worked on COVID-19 protocols guidelines for all PATH Intl. events and approved funding for a membership retention and reactivation campaign.

21/22 saw a stronger focus on diversity, equity and inclusion, particularly for our members and the certificants who are providing EAS as well as for the organization itself. Although the participants served at PATH Intl. centers are very diverse, the providers of those services as well as the board and staff of PATH Intl. were 92% Caucasian (based on survey data).

The PATH Intl. board and staff participated in DEI trainings led by an outside facilitator, Point (b), changed the Racial, Diversity, Equity and Inclusion workgroup into a standing Diversity, Equity and Inclusion Committee and worked with the DEI committee to develop DEI vision, goals and objectives.

### The approved DEI vision and goals are:

Vision: PATH Intl. believes in the inherent worth and dignity of every person and recognizes the historical and current lack of diversity within the equine-assisted services industry. We commit to increasing diversity, equity and inclusion, leading by example within the equine-assisted services industry, and expanding access and opportunity for all people. We will provide education and resources and collaborate with marginalized and/or underrepresented people and communities, while actively seeking representation from those communities for our governing board of trustees, staff, members, certificants and volunteers.

**GOAL 1:** PATH Intl. commits to diversity, equity and inclusion within its organizational programs to expand access, engagement and participation from marginalized and/or underrepresented people and communities.

**GOAL 2:** PATH Intl. builds relationships with marginalized and/or underrepresented individuals and communities to increase collaboration and model diversity, equity and inclusion.

**GOAL 3:** PATH Intl. invests in and develops organizational practices to ensure increasing representation of marginalized and/or underrepresented individuals in staff, board and volunteer leadership to model a commitment to diversity, equity and inclusion.

The DEI committee, board and staff developed action plans for each objective and have begun working on these tasks in order to reach the stated goals.

## 2021-2022 CEO LETTER

### Always Listening, Leading and Acting in Response.

Dear PATH Intl. Members, Certified Professionals, Stakeholders and Friends,

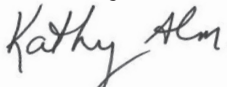

The association's fiscal year 2021-2022 demonstrated how the PATH Intl. mission is always strategically front and center in the minds of our board of trustees, committee volunteers and staff. With each successive annual report letter I write (August '21 marked my eighth year as your CEO), I have the opportunity to reflect on the many ways—old and new, familiar and innovative—we continue our mission. From hot topics identified by staff during your email and phone discussions, through survey work and interactions at in-person and virtual region conferences during our consecutive year without an international conference, we hear and honor your feedback. We collect and analyze evolving needs, comments, opinions and criticism from all areas and when we identify trends, we incorporate them into strategy to devise how, when or if to act in response given current resources. Working for you in this regard is a heartfelt pleasure.

In fact, the EAS industry is largely driven by hearts, minds and resourcefulness. The evolution of the needs of the industry have now moved from a COVID- to a less-COVID-driven world. We've had to be nimble in adjusting to the resulting inflation and a new, challenging workforce dynamic. But through it all we continue our resolve to drive professionalism in the industry and strive for the recognition the work you're doing deserves. We continue to act on our resolve to professionalize EAS by driving the accreditation of the PATH Intl. CRTI® and communicating the legitimacy of the work being done in the field through proper use of a unified set of terminology. We learn through ongoing committee work and outside sources how to expand our industry to populations we have traditionally welcomed but maybe not actively engaged. And we do this all together.

Daily and together we embody the code of ethics and the core values set forth by the association, all while keeping our fingers on the pulse of the industry to keep offerings and benefits fresh and relevant to help centers and individuals succeed, so you can focus on delivering safe and effective EAS to your tremendously worthy participants.

We thank you for your involvement in this extraordinary industry and encourage you to read through this annual report for a snapshot of the 2021-2022 year for YOUR association.

Sincerely,

Kathy Alm  
Chief Executive Officer, PATH Intl.

## EDUCATION *Department*

Due to the COVID-19 pandemic, the PATH International Conference was postponed for an additional year to keep our members and staff safe. In place of the education offerings at the International Conference, PATH Intl. hosted two different virtual events.

The Winter Webinar Series was four live 90-minute webinars across four weeks between January and February of 2022. These webinars consisted of topics in research, equine-assisted learning opportunities, mental health and careers in the equine industry. There were 137 registrants for this event and all earned 4 DE and 4 CE CEU credit for their attendance.

The 2022 Virtual Conference was held in May of 2022. Four topics were covered throughout this series; Survive and Thrive, Equine Welfare, Equine Services for Heroes and Programming. This virtual conference was a new way of presenting information by having multiple presentations per day on the same topic. Each day brought a new level of education in their respective areas and a different level of CEU credits. If all four days were attended there were 12 CE, 1 CR-all, and 4 DE CEU credits earned! This event had 137 registered members.

## ACCREDITATION

To meet the needs of our member centers wishing to accredit and reaccredit within the restrictions of the COVID-19 pandemic, PATH Intl. and the PATH Intl. Accreditation Committee developed a virtual site visit process. The process was developed to support the quality, integrity and excellence of the accreditation program.

There were several factors that led to the decision to develop a virtual site visit process, first and most importantly, was consideration for the safety and wellbeing of center personnel and site visitors due to the ongoing uncertainty of the COVID-19 variants. Additionally, due to the need to put site visits on hold, there was a high quantity of centers who had already submitted accreditation applications and many additional centers with lapse dates into 2022. The virtual process resumed visits in a timely, safe, and fiscally responsible manner. This interim process will continue to support the quality, integrity and excellence of the accreditation program.

## **MEMBERSHIP** *Department*

In the 2021-2022 fiscal year PATH Intl. continued to respond to members' most requested benefit of free education opportunities. The topics were varied and included the following topics:

- Ever Changing Guidelines for COVID-19 Protocols facilitated by Kathy Alm, PATH Intl. CEO and panelist from the Membership Outreach Committee
- Understanding Stress in Horses and Humans presented by Emily Kieson, chair of the Equine Welfare Committee
- Serving Those who Served presented by Tara Mahoney, chair of the PATH Intl. Equine Services for Heroes Committee

In October 2021, PATH Intl. and the Wile family worked in conjunction to offer the new Kathy C. Wile Memorial Scholarship. The scholarship was created to assist PATH Intl. members who wish to complete the PATH Intl. mentor training course to assist with expanding the number of formally trained mentors available to those seeking certification.

PATH Intl. launched a Higher Logic app that allows members to easily connect to Member Connection. This allows a quick and convenient way to network and access resources.

Individual member numbers were impacted more than expected due to the ongoing affects of the pandemic and changes to membership requirements for certification to meet the standard for NCCA accreditation of the PATH Intl. Certified Therapeutic Riding Instructor certification. There was a 35% decrease in individual member numbers.

**4,005**  
*Individual  
Members*

**512**  
*Total Member  
Centers*

**248**  
*Premier Accredited  
Centers*

## MEMBERSHIP *Outreach Committee*

The Membership Outreach Committee (MOC) is comprised of 11 Region Representatives elected from within their region. Each Region Representative appoints and leads a Region Leadership Team (RLT), which consists of a State Chair for each State/ province within the region, a Communication Chair and Region Conference Task Force Chair. The role of the MOC is to assist PATH Intl. with initiatives to support members and potential members in the equine-assisted services industry and to lead the RLT in outreach efforts. The focus of outreach this past year has been member retention.

During 2021-22 the region representatives and region leadership teams initiated a combined total of 8,598 communications.. The most common topics of discussion were center renewals, certification candidates seeking mentors, credentialing, individual membership, awards, accreditation, continuing education and the website. The MOC and RLT organized and hosted 11 internal outreach events including state meetings, panel discussions and education events.

Regions 1 and 4 attend external outreach events on behalf of PATH Intl. Region 1 attended the Equine Affaire representing PATH Intl. Volunteers at the booth logged 111 conversations with people who stopped by the booth. The most popular topics of conversation were instructor certification/credentialing, general PATH Intl. information and people looking for a PATH Intl. center near them. Region 4 attended The Land Rover Kentucky Three Day Event the NSBA Coaches Conference on representing PATH Intl.

The region teams report that region Facebook pages continue to be popular. MOC and RLT members reported engaging in PATH Intl. Member Connection 864 times. Member Connection has grown to include a community for each region.

## CERTIFICATION

The trek to independent accreditation of the PATH Intl. Certified Therapeutic Riding Instructor® (CTRI) Certification continued in 2021-2022. The initial application for accreditation through the National Commission for Certifying Agencies (NCCA) was submitted in March of 2022. NCCA continued to consider the application through the end of the fiscal year. Learn more about the meaning and value of NCCA accreditation [here](#).

Virtually all PATH Intl. certification workshops and programs showed notable grow from the previous year.

**4,015**

Certified Therapeutic  
Riding Instructors

**116**

Certified Driving  
Instructors

**45**

Certified Vaulting  
Instructors

**1,015**

Certified Equine  
Specialists

**252** Advanced

**27** Master

**5,470**

**Total PATH Intl.  
Certified  
Professionals**

PATH Intl. continues to be a member of the **Professional Certification Coalition** and support the coalition's efforts to:

- monitor and respond to legislative and regulatory activity that could undermine the activities or recognition of certifications issued by private organizations such as PATH Intl.;
- educate stakeholders about the role of professional certification;
- work with lawmakers to advance legislation that expands professional opportunities while supporting the principles of providing the public assurances that certified and licensed individuals have demonstrated they have the expected knowledge, competence, and skills to practice in their chosen field.

A summary of the coalition's accomplishments and prospectus for the year can be reviewed [here](#).

## PROGRAMS

### Veterans Programming

**Wounded Warrior Project** (Oct 1, 2021 – Sept 30 2022)

**105 Premier Accredited Centers** participated in WWP. **\$215,195** was distributed for **1,600 sessions**. **496** Wounded Warrior alumni participated.

The Department of Veterans Affairs grant began in Oct 2021, with funds first received in January 2022. This grant cycle was limited by geographic restrictions. There was a second round of direct service awards that weren't paid out until the following fiscal year.

**\$34,350**

#### VA Direct Service Grant Distribution

9 centers in the first round

**\$8,500**

#### VA Equipment Grant Distribution

32 centers in the first round

## MARKETING & COMMUNICATION

Marketing activities for 2021-2022 focused heavily on the development and launch of the latest **PATH Intl. website**.

The new site launched February 28, 2022.

Despite some launch bug resolutions, the massive change was greeted

positively by members and satisfaction continued to grow as shown by post-launch survey numbers. A majority of members reported enjoying the easy access to their member portal from the site and more-intuitive ease of navigation. Simultaneously a much smaller number of members, however, disliked the navigation and other new features. The popularity of online purchase and posting of classified ads took off immediately. This may be in part thanks to the offering of free classified ads for members that were offered during the point in time when centers were having difficulty refilling post-pandemic positions. Contact forms continue to be an extremely popular communications tool for members and the public. Part of the design was also meant to make the site accessible to as many

individuals as possible including those with visual impairment, motor impairment, cognitive disabilities and more. If readers haven't already, they're encouraged to check it out by clicking on the stick figure that populates in the lower-left bottom of every screen.

Other strategic initiatives tackled by the marketing team included aligning member communication preferences and expectations by surveying the membership to learn what they wanted and in turn implementing what was learned from the overwhelming number of respondents. *PATH Intl. Strides* magazine continues to be reported as a top member benefit. Reimagining delivery strategies for promotion of the EAS industry, the PATH Intl. brand and its credentials was also accomplished through exposure to AARP's members through fulfillment of a Wish of a Lifetime request. A younger demographic was targeted by working with Breyer Animal Creations on packaging and marketing pieces including a beautiful video for the Hope horse that benefited PATH Intl. and featured the PATH Intl. logo and brand throughout.

## Social Media

Facebook continues to be the association's most-used platform with **20,945** at the end of fiscal year '21-'22. The post with the most reach was the "Lessons You're Really Paying for" with **5,263 reactions, 709 comments, 940 shares**, for a staggering **100,304 reach**. A post about Hope the new Breyer horse received the most reactions, shares, and greatest reach of any of PATH Intl.'s original content on Facebook, with a reach of over

## MARKETING & COMMUNICATION

**66,000 people.** We try to balance informational and inspirational posts, but the most engagement comes from the inspirational posts.

PATH Intl. also has official Instagram, LinkedIn, Twitter, Pinterest, and YouTube accounts. Both Facebook and Instagram data show that our primary reach at **90%**, are people who self-identify as female. Another interesting statistic is that **over 95%** of all followers on Facebook and Instagram are age 25 or older. The analytical information our social media accounts and website provide is instrumental in developing marketing and communications strategies on these platforms.

### Email Communications

PATH Intl. continues to use Constant Contact to distribute association communications to its members. In the 2021-2022 fiscal year, **240 email campaigns** resulted in a total of **848,260 sends** to members. That volume was down from the previous year, as communications about COVID-19 subsided and more consolidated communications were crafted to reflect

a fewer number of emails requested by members.

The average email open rate is an incredible **44%**, considerably higher than the percentage for other nonprofits and **8%** higher than our own open rate in the previous fiscal year, indicating that members are interested in hearing from and staying involved in their association.
